* It is usually best to begin your search by title. Once the title does come up then match the writer(s). Then after matching the writer(s) find the publisher.

Print the page with the information of your song. Then get all the information (Complete Title, Composer, Publisher, etc.) and transfer it to your Music Clearance portion of your Participant Talent Request Form page 1, and enclose a copy of the information from the web site. MAKE A COPY OF THE WEB PAGE AND TURN IT IN WITH YOUR PAPERWORK.
