Describe your personal health initiatives and alignment with #MissAmericaFit: I believe it is important to stay physically fit at any age, but it is especially important to have goals at a young age and adjust those goals throughout life. I recently started a walking club on our college campus. We have a group of 10 ladies who meet 3 times a week and walk 2 miles. Several of the ladies had no exercise regimen at all prior to our club. The walking club provides not only an outlet to get in some cardio, but it also provides accountability and fellowship. Additionally, I hit the gym 3 times a week!

What social issue, other than your CSI, will have the greatest impact on your generation and why? The ability to communicate on a personal intimate basis with true verbal communication is a problem in our society today. The use of cell phones has become a huge distraction in our culture. We are constantly tied to our phones. I encourage children and young adults to put their phones down and limit screen time. I have a niece in high school who I talk to often about the dangers of too much screen time.

Name three items on your 'bucket list' in the next five years: 1. I would like to visit the White House and have a one on one with the President of the United States. 2. Take a month-long trip to Hawaii, visiting the major islands for a week at a time. 3. I would like to be serving as a congresswoman representing the great State of Louisiana.
