My Scholarship Journey

MISS ALABAMA

**BRIANNA
BURRELL**

UNIVERSITY OF
SOUTH ALABAMA

Field of Study:

Political Science/Philosophy

*In 60 years, The University of South Alabama
has become a high-quality educational institution
in medicine, business, education, engineering,
and liberal arts. Focusing on the future,
the "Flagship of the Gulf Coast"
strives upward and onward!*

The University of South Alabama presented an opportunity to start a new chapter. Though anxious, I was hopeful of who I would grow to be. My incoming freshman class' convocation was centered around "leaving our paw print" on the campus. I began my campus involvement through First Year Council, Black Student Union, Jaguar Productions and South Cheerleading Pom Team. I gained a community, lifelong skills, and a love for my university. These roles over the next four years grew, changed, and impacted my life in a way I could have never imagined. Each year left its individual paw print on my life. From cheering on the Jags at athletic events and advocating for student diversity on campus to serving the surrounding communities and building mentorships with prospective students, South was a foundation that fortified me as an ambassador in life. I joined other organizations like the Office of Multicultural Student Affairs and was initiated in the Epsilon Upsilon Chapter of Alpha Kappa Alpha Sorority Incorporated. However, the true test of this institution came during a year everything changed, 2020. My professors, colleagues, and Jag community rallied together during the pandemic to ensure the success of each student in their academics, mental health, and personal lives. Throughout my entire collegiate career, I was prepared for the world I would once enter as an alumna. In 2021, I graduated with my Bachelor's degree in Political Science and Philosophy, and from the skills gained at my Alma Mater, I am prepared to leave a legacy of strength, excellence, and progress.
